

Façade Improvement Grant Program Application Policies and Procedures

HONDO ECONOMIC DEVELOPMENT CORPORATION
Commercial Revitalization Program
Façade Improvement Project
700 Vandenberg
Hondo, Texas 78861
(830) 741-8319

\$100,000 in funding available for FY 2024-2025

A. Background

On **August 26th, 2024** the City of Hondo adopted **Ordinance No. 1293-08-24** passing the 2024 - 2025 Budget which included the approval of the Hondo Façade Improvement Grant Project. The intent of the project is to provide technical and financial assistance to property owners seeking to renovate or restore their exterior building facades. The program is designed to have a positive impact on properties in need of revitalization, resulting in the overall improvement of the appearance and aesthetics of **commercial buildings within the Central Business District or Commercial Zoning of Hondo**. It is important to note that *the program is reimbursement based*. Further, it is not the intent of the program to subsidize necessary improvements resulting from building code violations. If awarded a Façade Improvement Project Grant, any deviation from the approved project may result in the total or partial withdrawal of grant funding.

The Façade Improvement Grant Project provides fifty percent (50%) matching grants not to exceed \$10,000.00 per application. Grant funds awarded through the program focus on exterior work on buildings and storefronts within either the Central Business District or Commercial Zoning that are visible to the public. No grants will be awarded for previously performed work. All proposed work will be reviewed based upon criteria that may include, but not be limited to, compatibility, architectural design, and consistency with other façade improvement projects within the immediate area. Proposed projects may include the restoration of architectural details, upgraded windows and doors, signage, and lighting. Applicants will be responsible for hiring licensed professionals to prepare conceptual and final project designs.

B. Definitions

The following definitions shall apply to the terms used in these guidelines:

Applicant: The property owner or authorized agent signing the application for a Façade Improvement Grant.

Central Business District: Area defined in Attachment A as Central Business District.

Commercial: Area defined in Attachment A as Commercial.

Construction Costs: The cost of construction materials and installation labor. All other associated costs are excluded, including but not exclusively, the following costs: design, construction document preparation, bidding, sweat equity and construction financing.

Eligible Improvements: The improvements identified as eligible in Section D herein.

Façade: The portion of the building parallel to the primary right-of-way as determined by Development Services.

Notice to Proceed: A written notice from Development Services authorizing the applicant to begin construction.

Property: The physical lot and/or building to which improvements are being made.

C. Eligibility Criteria

The following criteria must be met in order to participate in the Façade Improvement Grant Program:

1. Applicants must be owners of buildings located within the areas of the Central Business District or Commercial Zoning within the City of Hondo.
2. Applicants must be current on all municipal taxes at the time of application;
3. Applicants must not have any City liens filed against any property owned by the Applicant, including but not limited to code enforcement liens or tax liens;
4. Applicants must comply with all State and local laws and regulations pertaining to licensing, permits, building code, and zoning requirements;
5. Applicants must understand that the overall objective of the program is to improve the exterior appearance, visibility, and presentation of a property. The City has the discretion to decline acceptance of an application and suggest enhancements/improvements that may improve chances of future approval;
6. Buildings proposed for grant funding cannot be new construction. Eligibility of site improvements associated with new construction may be determined by the Director of Development Services. Historic buildings will be given priority when deciding grant funding allocation.

D. Design Principles and Guidelines

Improvements to be funded by the program must be compatible with the character and architecture of the individual building as well as meeting City standards with regards to latest construction and design trends. Buildings with historically-significant architectural qualities are strongly encouraged to restore and maintain these features. Improvements for buildings not having such architectural features should be carefully considered and be seen as an opportunity to substantially enhance the appearance of the buildings and their associated streetscapes. The Secretary of the Interior's *Standards for the Treatment of Historic Properties* should be used as a guide when considering any work on a historically-significant structure.

1. Eligible Façade Improvements:

- a. Restoration of architectural details in historically-contributing or historically significant buildings, and the removal of elements which cover architectural details.
- b. Window replacement and window framing visible from the street which is appropriately scaled to the building.
- c. New signage, including monument, wall, and awning signage. All signage must comply with Regulations of the Universal Development Code.
- d. Lighting which illuminates signage, storefront window displays, and recessed areas of the building façade.
- e. Awnings or canopies.
- f. Curbing, irrigation, approved landscaping or other landscaping features attached to the building where appropriate.
- g. Cleaning, painting or re-siding of the building.
- h. Resurfacing and/or re-striping of parking lots visible from the street.
- i. New storefront construction, appropriately scaled within an existing building.
- j. Other items which may not be listed above that would improve the building façade.

2. Ineligible Improvements/Expenses:

- a. Exterior improvements located on the sides or rear of the building not visible from a public right-of-way
- b. Interior improvements
- c. Roofing
- d. Playground or recreational equipment
- e. Structural changes
- f. Security Alarm System or Burglar bars
- g. "Sweat Equity"
- h. Furniture
- i. Architectural or other professional fees
- j. Asbestos testing, removal, abatement, or remediation
- k. Improvements for which insurance funds are received
- l. Prior Improvements: Alterations and improvements made prior to receiving a "Notice to Proceed" are not eligible for reimbursement

E. Financial Assistance

Funding offered is in the form of a matching grant in which the Hondo Economic Development Corporation reimburses the applicant fifty percent (50%) of the total construction costs, up to a

\$10,000.00 maximum match award. Architectural design fees may not be included in the total cost of eligible improvements.

No applicant, applicant agent, representative, or tenant shall be entitled to receive grant approval on the same property if requested within one (1) years from the date a previous grant was awarded. No more than \$10,000.00 per property will be awarded within a one (1) year period.

F. Procedures

All prospective applicants must follow the procedures in the order outlined below:

1. All applicants are encouraged to meet with Development Services. Applicant must submit a completed application and all required attachments and supporting materials to Development Services staff for processing.
2. After the application has been submitted to Development Services, a meeting will be held with the applicant on-site at the subject property to review the application and discuss the project.
3. As a condition of the grant application and in consideration of the opportunity to apply for a grant, the applicant consents and shall allow the City of Hondo to perform inspections to determine that the grant, if awarded, will not be used for construction to any building that is not in compliance with City of Hondo Building Codes and related ordinances which are applicable to the construction proposed in the application.
4. The application will then be reviewed and action to either approve or deny the application will be made by the Director of Development Services. In addition to using the Secretary of the Interior's *Standards for the Treatment of Historic Properties*, other review criteria may include, but not be limited to, compatibility, architectural design, and consistency with other façade improvement projects within the immediate area.
5. In the event an application is denied, the applicant will not be allowed to re-apply for the same project for a period of one (1) year from the date of the original application. An applicant that submitted an application that was denied grant funding may appeal the denial to the City Manager within fourteen (14) days of the date of application denial.
6. Upon application approval, the City will require that the applicant sign an Applicant Agreement and Certification.

7. Upon execution of the agreement, the City will send the applicant a written “Notice to Proceed and/or Permit” Any work completed prior to receiving the “Notice to Proceed and/or Permit” will not be reimbursed through the program by the HEDC.
8. An applicant has thirty (30) days from the date of the Notice to Proceed and/or Permit to initiate construction of approved improvements. The applicant must provide Development Services staff with copies of all building permits and certifications associated with the facade project.
9. The contractor shall construct project improvements as specified in the approved application. Any changes to designs and construction plans approved as part of the application must be reviewed and approved by Development Services staff.
10. Upon project completion, the applicant will notify Development Services staff within thirty (30) days that the project is complete. City staff will then conduct all necessary inspections to ensure improvements comply with the approved application and all necessary building and zoning codes.
11. When the entire project has been satisfactorily completed and reviewed, the applicant shall provide the Hondo Economic Development Corporation with copies of all paid invoices for a single payment reimbursement of the approved funding.

G. Termination

The City of Hondo/Hondo Economic Development Corporation has the right to terminate any agreement under the grant program if a participant is found to be in violation of any conditions set forth in these guidelines in accordance with the Façade Improvement Grant Agreement.
